

BR10000

BR1000 | **RECUMBENT BIKE**

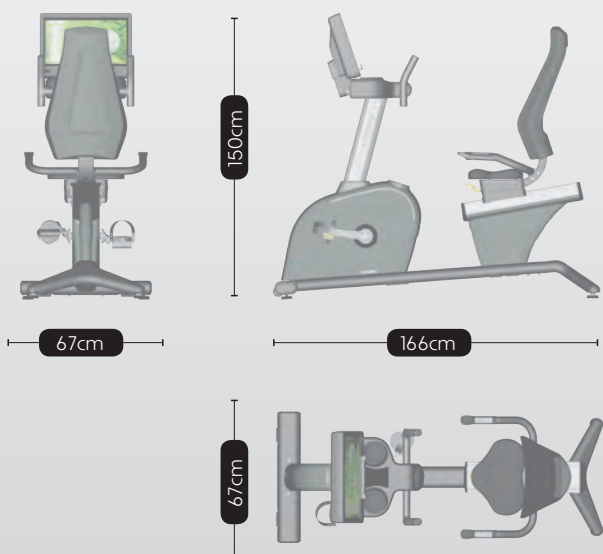

Allow your users to take a seat in the most comfortable recumbent bike in the market. The comfort during the workout reaches the next level with its back area studied design and the open frame that will grant an easy access to people with mobility problems.

Its design is light in its shape but solid in its materials, and it will give your facility the look you have always desired.

SEAT ADJUSTMENT. The ergonomic seat has an adjustment system with IGUS bushings, simple and precise. It will ensure a smooth and frictionless adjustment, improving the mechanism durability.
